Shake Mohamed Rashid . J

EDUCATION

B-tech Information Technology
Panimalar Engineering College
Chennai(2022-2026)
CGPA: 7.36

HSC-V.E.T Hr Sec school,
Virudhachalam (2020-2022)
Percentage:55.16

SSLC-V.E.T Hr Sec school,
Virudhachalam(2016-2020)
Percentage:74.8

PROJECT

- **Accident Prevention System**

I developed an Accident Prevention System using Python to enhance road safety through real-time monitoring. The system processes data from sensors like GPS and ultrasonic to detect potential hazards. Machine learning algorithms help predict accident-prone situations based on driving behavior. It features real-time alerts to drivers or emergency contacts. A user interface was built using Python libraries for visualization and system control.

- **Career Guidance web site**

Designed and developed a Career Guidance website using HTML and CSS after 12th grade to help students explore suitable college paths and career options.

SKILLS

- **Programming Languages** :

    understanding core concept such as variable ,data type, control statememt and loop

- **web Development:**

    Knowledge of HTML and CSS for building structure and visually appealing web pages

PROGRAMMING LANGUAGES

- CORE JAVA
- HTML,CSS
- PYTHON(BASIC)

CERTIFICATES

- **Oracle**

    Certified as an **Oracle Cloud Infrastructure Generative AI Certified Professional (ID: 100719553OCI2024GAIOCP**), demonstrating expertise in deploying and managing generative AI solutions on OCI.

- **Nasscom**

    Completed **Cybersecurity Fundamentals Certification (ID: FSP/2023/12/5533149),** showcasing foundational knowledge in network security, threat analysis, and cybersecurity principles

- **LinkedIn**

    Completed **Networking Foundations: Networking Basics** course on LinkedIn Learning, gaining core knowledge of network topologies, protocols, and infrastructure.

    Completed **Ethical Hacking: Wireless Networks** course on LinkedIn Learning, acquiring skills in wireless security, penetration testing, and network vulnerability assessment.

Internship

- **WEB DEVELOPMENT - Nexus info** [12/2023] - [03/2024] developed and maintained websites improving site and using HTML ,CSS and JAVASCRIPT
- **CYBER SECURITY- Infomatronics** [03/06/2024] [18/06/2024}

LANGUAGES KNOWN

- English(professional proficiency)
- Tamil
- Hindi
